TOLL TAG

How Does It Work ?

The Toll Tag is placed inside your vehicle on the windshield. As your car nears the toll booth, a tag reader receives your identification. If your Tag is valid, you will receive a green light on the toll lane. The appropriate toll charge will be automatically deducted from your prepaid account.

Instructions for Obtaining Toll Tags

Obtaining a Toll Tag is as simple as 1 2 3.

1. Telephone our Toll Tag Office at (504) 376-8190, our representative will be happy to take your name, address, driver's license number, and the number of Toll Tags that you are requesting.
2. Visa, Master Card, or check may be used to pay the \$10.00 refundable deposit per Toll Tag and the prepayment of \$20.00 to open an account.
3. After approval of your credit card or receipt of your check, we will mail your Toll Tags to you, ready to use.

You may, of course, visit our Toll Tag Office at 2001 Mardi Gras Boulevard, New Orleans, LA 70114, to place your order, pickup Toll Tags, or make payments in cash.
